### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William I. Solomon on May 17, 2004.

The application has been amended as follows: Claim 14, at line 3, before the phrase "exposure processing" the word - -performing-- has been inserted.

Claim 14, at line 5, after the word "wafer" the words --is performed-- has been deleted.

Claim 25, at line 3, before the phrase "exposure processing" the word --performing-- has been inserted.

Claim 25, at line 5, after the word "wafer" the words --is performed-- has been deleted.

The preceding amendments were made to overcome minor informalities.

2. The following is an examiner's statement of reasons for allowance: Claims 1-5, are allowable over the prior art of record (U. S. Patent No. 5,656,397 (Imai et al)) because the prior art of record fails to disclose a method of fabricating an integrated circuit device that includes the step of transferring the pattern in the plurality of chip

areas of the photomask onto an internal area of a semiconductor wafer, wherein chip areas including the defects among the chip areas of the photomask are shielded with a masking blade. Claims 6-40, are allowable over the prior art of record (U. S. Patent No. 5,656,397 (Imai et al), and U. S. Patent No. 5,795,685 (Liebmann et al)) because the prior art of record fails to disclose a method of fabricating an integrated circuit device comprising the step of forming a light shielding organic film pattern of light shielding property to exposing light in a plurality of chip areas of the photomask, wherein each of the plurality of chip areas have the same pattern, and the step of utilizing the result of the inspection to perform an exposure to transfer the pattern onto the second semiconductor wafer while not transferring the defects on the photomask onto the second semiconductor wafer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daborah Chacko-Davis whose telephone number is (571) 272-1380. The examiner can normally be reached on M-F 9:30 - 6:00.
